## CLIENT REVIEWS

**We have worked with the Suite Illusions team for the past ten years. They have worked on some different projects in our complex including our play area, bowling alley and bars. The team are friendly, professional, efficient, knowledgeable and always meet the deadlines requested. Taking this all into account I would highly recommend Willy and the team to anyone requiring their service**

**SIG Contracts did a fantastic job of creating chesterfield leather booth seating for our countryside bar. They were friendly and efficient and we couldn't be happier with how the seating looks and feels.**

**We know we weren't the easiest customer to deal with, but SIG was very flexible regarding dates, especially as we kept moving the goal posts! All staff we met throughout our shopfit were delightful, patient and helpful. SIG continually adapted to fit the needs of our business. Would recommend!**

**I needed to get a bespoke American Style Dining Seating piece made - these guys were brilliant. Came out to measure and advise on styles and colours and the quality of craftsmanship of the end product was amazing. Recommend you start here if your'e looking for bespoke furniture.**

## CLIENT REVIEWS

**Excellent service, and quality.  
All timescales that were  
promised were met, and  
seating area delivered on time  
and finished to a high  
standard, delighted!**

**Very impressed with the quality  
of banquette seating recieved  
from SIG Contracts, made to our  
own design and size, There was a  
great selection of material to  
choose from to suit or interior**

**We were recommended to use Suite Illusions by a friend of ours, and I'm delighted we found this hidden gem of a company. Thomas and his team have created two fully bespoke pieces of furniture for us. A fully upholstered corner seating booth, and a one of a kind high sided seated / day bed. We were assisted every step of the way with this project which included, choice of materials, design and even the installation, which was expertly completed by William and his guys. This business is truly family owned and operated, with three generations of the same family all working at the factory. I would not hesitate to recommend these guys, we are already planning our next project with Thomas supplying the furniture for one of retail showrooms.!**
